

Congregational Workshop – November 2, 9am-2:00/2:30pm

This workshop is for the whole congregation to give the Call Committee their input. It is an invaluable time for our congregation to come together and prayerfully seek our next pastor. The church council and Call Committee cannot do this on their own, they need the congregation to show up and participate in the next step of the Call Process.

The Call Committee also asks that as a congregation, we are praying for our next pastor and their family; for our own congregation in this time of uncertainty; and for our congregation to give it to God in his time and plan.

We are a church that needs a pastor, but we are a church together, each with our own gifts/talents to make up a congregation that supports one another together. No one person is left alone to work alone in our church.

Please look at your calendars and add the Congregational Workshop to it, many have busy schedules, but FELC needs you on November 2, 9:00am-2:00/2:30pm. Lunch will be carry-in meal; main dish provided, GFC's pulled pork; asking those attending to bring a side dish or dessert.
